MEC offers professional services to our clients each day. From hot taps to 42" transmission line turbine compressors to 20 unit gathering/production facilities. MEC has the capacity to meet your demand. Our strength is built on a 35 year foundation of experience and the dedication of our skilled tradesmen.

MEC's unprecedented combination of resources can reduce the need for multiple contractors resulting in significant savings in time and cost.

Whether your project is large or small, you get a partner that is schedule driven and strongly adheres to a specific project control methodology, which includes:

- Commitment to Safety
- Commitment to Our Environment
- Engineering & Design
- Material Procurement
- Construction Management
- Primavera Scheduling
- Commissioning
- Life Cycle Management

MEC Construction is a proud member of the SDI Gas, LLC Family of Companies.
